THE PREP SCHOOL GREEN GROUP

The Prep School Green Group is pleased to announce that the Highland Games committee has been working hard to make the event more sustainable and environmentally friendly.

SINGLE-USE PLASTICS REDUCTION

- Obtained reusable zip ties (minimising plastic waste)
- Reusable signage that are also more durable, to enjoy year after year
- Bioplastic cups at the sweet stall (please dispose through your food waste collection scheme as they are unsuitable for home composting)

ENHANCED RECYCLING FACILITIES

- More clearly marked recycle bins will be provided throughout the venue, ensuring all attendees are aware of what can be recycled.

We hope that these initiatives will not only make The Highland Games more enjoyable but also help instill a sense of responsibility towards our environment within our community.

Let us all work together to make a positive impact!

GORDONSTOUN

Welcome to the Gordonstoun Highland Games 2025!

I am delighted to welcome you all to this year's Highland Games, set against the beautiful backdrop of Gordonstoun. This fantastic annual tradition, which spans over 30 years, celebrates the spirit and challenge of a traditional Highland Games, providing school children with an exciting and competitive sporting experience.

It's wonderful to see so many teams and visitors here today. Some of you have travelled a great distance to be with us, and we truly appreciate your dedication. With a vibrant mix of stalls, music, and activities, there is plenty for everyone to enjoy.

This year, the funds raised will support two incredible local charities: Moray Food Plus and The Warehouse@EYC, both of which play a vital role in supporting our community.

I am also delighted to introduce our Chieftain of the Games, Cammy Barnes. A talented singer and guitarist, Cammy reached the semi-finals of Britain's Got Talent (Series 16) and has captivated audiences with his incredible performances. He began his musical career as part of the Red Hot Chilli Pipers before embarking on a successful solo journey.

Finally, a huge thank you to the parents, teachers, and the dedicated Highland Games Committee, whose hard work and commitment throughout the year have made this event possible.

To all our competitors—good luck, and most importantly, have fun!

Head of Gordonstoun Prep School

All the way from **Loch Ness**, 126 Water is the perfect water to add to your malt whisky. Pure, natural, premium fresh water.

We extract the water early in the morning - it is then filtered, bottled and ready to ship by the afternoon of the same day.

Naturally soft water with low mineral content makes 126 Water the perfect pairing for your malt whisky and will enhance your taste experience.

126[®] WATER FOR WHISKY LOCH NESS

Why Add Water to Whisky?

Some whisky drinkers treat the idea of adding water to their dram as a cardinal sin. The fact is that all recognised world wide whisky tasting panels always sample their whisky with water.

The reason for this is simple. Adding a few drops or a splash of quality water to your whisky will open up the flavours of the whisky to maximise the taste.

126 Water is the perfect pairing for your malt whisky.

Highland Aviation

INVERNESS

Air Tours & Flying Lessons

An unmissable private flight with one of our flight instructors; discover the beauty of the Highlands from the skies, in one of our aeroplanes or gyrocopters.

With Scotland's rich history there are plenty of sights within a few minutes flight from Inverness, including: Fort George, the Black Isle, Inverness City, Loch Ness, Urquhart Castle, Culloden Battlefield, and the local mountain ranges and coastline.

For those wishing for a more hands-on experience, why not book a trial lesson, where our instructors will encourage you to take control of your chosen aircraft.

Experiences for 1 to 3 people, with prices starting at £139. Open 7 days per week at Inverness Airport.

"Absolutely amazing"

"Breathtakingly marvellous"

"Brilliant, friendly, truly unique"
